COVID

Our current COVID policy states that students who have been exposed to a positive COVID case do not need to quarantine (from class) unless the positive case is within their household. MCG will effectively communicate with families when their student(s) have an exposure at school. So far this year we have had 10 families from MCG that have had positive cases of COVID in their household. Of these positive households there has been no spread among classrooms.

This policy was reviewed by the School Board and the decision was made to keep this in place at this time. It is of course each family's discretion to do what they feel is best for their students and we support your decision. We just ask that you communicate with staff.

If there are any questions about this, please contact Mr. B or Mrs. Gloede.

Christmas Service

Mark your calendars! Our MCG Student Christmas Service will be held on Sunday, December 19th at 3:00 pm at Mt. Calvary Church. All PK3-8th grade students are expected to attend this service. Students will begin practicing their recitation parts and songs this week. Please help your student(s) at home with these parts if needed.
